

North West Plan Partial Review

Newsletter – May 2009

Welcome to the **fifth** newsletter for the consultation of the **North West Plan Partial Review**. This newsletter is sent out to everyone who has registered to be involved in the consultation via the web site.

Consultation Results

4NW wants to **thank everybody** for taking part in the recent dialogue workshops. 4NW added this extra stage into the programme to give key stakeholders the opportunity to shape and contribute to policy development at the early stages.

Since then 4NW has been using what you have told them to develop the draft plan and thinking about the next more formal stages of the consultation process.

The consultation results have been uploaded on the web site – click here to view the survey results and workshop notes. www.northwestplanpartialreview.org.uk/stakeholders

Background Documents

All the background documents the have been used or referred to in the partial review will remain available of the web site for you to down load if you need them to support moving the work forward in your area.
